Sagar Group of Institutions which was established in the year 2007 under the aegis of Shri Agrawal Educational & Welfare Society with the main objective of imparting quality education.

Sagar Group of Institutions have emerged as a group of Best Private Colleges in Bhopal with its state-of-the-art facility and its expertise in Engineering, Pharmacy, and MBA education.

Three institutional campuses rich in infrastructure and amenities proudly flourish under the aegis of the brand Sagar Group of Institutions.

The brand has a strong motivation towards innovation in curriculum implementation with its unique industry-oriented pedagogy.

It further aspires to be a part of an educational revolution in technical education, impacting advanced futuristic technologies in the national and international framework, and aims to be one of the finest providers of technical education in India.

The B.Tech.

Engineering Program at Sagar Group of Institutions is developed from an industrial point of view, with a great focus on modern technologies employed in the industries.

Engineers are the focal point in our economy to design, test, and develop the next generation of products and services for the betterment of society.

In this regard, the pedagogy is designed based on industry-oriented training modules a level extra than the standard university curriculum.

Similarly, the MTech Engineering Program is developed from a research point of view to inculcate the spirit of innovation and development in Science & Technology.

The B.Pharm.

and M.Pharm.

Programs at Sagar Group of Institutions has undergone significant reform to introduce more clinical pharmacy aspects as compared to the traditional aspect.

A lot of focus is given to the practical aspect of pharmacy with a maximum time of students invested in the laboratories.

The end goal for the pharmacy program is designed to enhance the public healthcare system by enabling the students to practice the pharmacy profession in a strong, skillful, and determined manner.

Interaction with community pharmacists and industrial experts is constant with ample support from the faculty members.

The Management Programs at Sagar Group of Institutions are the flagship programs designed to be a career-building experience for students, developing them into socially responsible and highly skilled managers, master in leading their organization towards excellence.

The pedagogy is designed such that students gain exposure to theory and practice alike.

The programs include theoretical lectures, audio-visual lectures, case studies, paid/unpaid internships, learning by events & activities, and lab-based learning.

Students receive a foundational level of management education with a great focus on the key management disciplines, subjects, and issues.
